NOÉMIE BELLWALD

TO KNOW ABOUT ME

I love to do makeup on new sets with different crews, new projects, productions or shootings. Being a freelance hair and makeup artist means being able to work everywhere in the world and having everywhere the feeling like being at home. I am glad to travel for work and to meet so many new faces. In the last few years I met a lot of people and was honoured to work with all of you and be creative. At this point I would love to say THANK YOU for letting me paint your face and for laying your trust into my hands.
